第三次世界大戦

人間の未来を予測することは、楽しい反面、かなり難しい。というのは、人間の知性を楽観視できないからです。人間の歴史は、創造と破壊の繰り返しです。人間は、高度な文明を築いたにもかかわらず、戦争によって、貴重な文化を破壊してきました。

人間は、生物であり、雌雄の生殖活動によって、繁殖する動物です。また、言語中枢が特に発達した動物でもあります。そのため、他の動物と違い、高度な創造力を持っています。

一方、争いにおいては、他の動物とは比較にならないほどの破壊的戦争をします。創造性に秀でた人間は、武器を創造し、残虐で大規模な戦争をします。しかも、生存のために不可欠な戦争ではなく、自国の利益を拡大するための侵略戦争をします。動物たちもなわばりを確保するための戦争をしますが、節度をわきまえています。

現代において、ますます兵器は進化しています。そのため、戦争によって人類が滅亡する可能性があります。そうならないことを願っていますが、人間は、組織が作り出す狂気を抑制することができるのでしょうか。すでに述べたように、組織は、人間でも、生物でも、ありません。得体のしれない怪物です。

人間は、組織という怪物の奴隷として生存し続ける運命にあるのです。今後、人間にとって平和に役立つ創造物を作り出すことができたとしても、怪物は、それを人類の平和に役立てようとする知性の邪魔をします。

人間の永遠の課題は、共生社会の実現です。現在、人間は、共生社会の実現に向かっているのでしょうか?現在、国家は、殺戮を繰り返しています。このような殺戮は、いつまで続くのでしょうか?

人間は、欲を持った動物です。この欲が争いを引き起こします。そこで、欲をなくせば、争いが亡くなるのではないかと考えられますが、これは非現実的な考えなのです。人間から欲をなくせば、生殖活動を失って、人間が絶滅するからです。このように考えると、もはや、共生社会は実現不可能に思えてきます。しかし、人間の知性が、奇跡を起こす可能性もあります。

人間は、地球を好き勝手に利用し、人間の生存条件に対する配慮が足りていません。人間を作り出したのは、地球であることを忘れているのです。いかなるものも存在条件に変更が起きれば、物質に変化が起きます。人間という物質は、いまだ解明されていません。遺伝子研究においても可能な限り慎重に解明すべきでしょう。脳は、いまだ未知なる宇宙です。脳の可能性を信じ、共生社会の実現に向かって歩んでいきましょう。

The World War III

The current administration policy is an Egyptian bondage communism policy to make the nation the poverty. The nation must overthrow the existing communist regime. The Japanese is suitable for communism for calling for the coordinate happiness. The Japanese will follow fate as same as an Uygur person. The healthcare workers are replaced to a Chinese from a Japanese in the near future. The Japanese extinction policy is pushed forward steadily. The vaccine is the same as a time bomb. The main weapon in the World War III is a vaccine weapon not a nuclear weapon.

Japan becomes the district of China. Therefore the Japanese government is China Communist Party. The Japanese voice will be oppressed in future. Mr. Heart is worrying about the future in Japan now while doing care of the Emperor in heaven. The super intelligence Jew group used the struggle for power in the class society skillfully. The Meiji Restoration is one of the examples, too. And they promote the construction of the new communist state using digital financial system. The name Japan will become the historical name in the near future.

The world united nation faces the realization of the digital communist state. Depau-
peration policy is one of the means. The world Allied Forces should destroy the China
Communist Party. CCP of the maniac group is a cancer of the human. The Japanese
does not like fights as well as an Uygur person. Therefore the Japanese doctors pro-
mote an inoculation of the harmful corona vaccine. Probably the Japanese will follow
fate same as an Uygur person in the near future, too. It is only to pray God now that
we can do. The three kinds of sacred treasures in Jewish Ise Grand Shrine are a drug,
an electromagnetic wave and radioactivity. The population of Japan will become about
150,000 people in the future.

4

The colored people will suddenly decrease in the near future. The three major elements
of the organization are a language, religion and money. Unfortunately the Jew who can
get on the 999 train is 10,000 people. The communist state manages the nation using
fear. Is the artificial city a factory producing the hormones which are staple food of
Nephilim? The white tiger may lie hidden in Jerusalem. The Jew must not trust a
white tiger, a black tiger and a yellow tiger. The white tiger is an excellent actor of the
principle of supremacy of white. He only gives colored people a dream. The Jew should
not trust him.

The Japanese who does not doubt COVID-19, PCR test and corona vaccine may do
euthanasia with a smile. The main policy of the world communism government is to
extend the poor. The retired employee of the youth will increase rapidly in future because

the bankruptcy of the medium and small-sized business increase rapidly. In addition, road dwellers will increase rapidly like the United States. Surely the deer of Kasuga God will be to remove COVID-19.

The Japanese Government is the Chinese Communist Party. The unnecessary Japanese is removed by CCP. CPP becomes the biggest shareholder of the Japanese main company. In addition, the medical institutions are unified, and AI and a Chinese are placed there. With it, many Japanese doctors are removed. Japan is an entertainment nation. Therefore the Japanese does not have the national consciousness. U.S-Japan Security Treaty has already become a dead letter.

5

Kyushu suitable for the residence will become independent on the near future. In addition, Fukuoka Super City playing a world key role will be born. Kiyosiro Imawano must be one of revolutionists staying for a world history. Japan might escape from a crisis of COVID-19 if he lived. Kyushu is a sacred place protecting a Jew. The Jews accompanying Moses will aim at Kyushu. The Japanese must learn rank politics of the Chinese Communist Party. The ideal society will be the society which each person searches individuality and can be valid using individuality.

The World war III has already begun. The enemy of the nation is the devil government. The corona vaccine is a time bomb exploding in the body. Knowledge armament is essential for us. Who deserves to be the prime minister under the wartime? A mask, a PCR test kit and corona vaccine are weapons. The PCR test is one of the assassination means. The enemy of the nation is the government covered with a rubber mask of the justice. The nuclear power plant is the nuclear mine which was installed to destroy Japan. There is still the Japanese in a dream.

A person has a limit. Therefore the person changes into devil and God when the person goes mad. It is necessary for the person to continue doubting all to continue being a person. In Japan, the revolution does not happen. Beyond cure. The corona vaccination is genocide in the World War III. The regulation for business hours is one of the communism policies. You can go to heaven if you believe in the corona vaccine which the government recommends. CCP has already invaded the U.S.Government. CCP will be going to make the America continent the Chinese place of residence. United States, Taiwan and Japan has been already invaded by CCP Mafia. CCP Mafia is not a human being. Caution required!

6

The brain function is unknown enough. The study of the glial cell will lead to the elucidation of the neuronal function. Important thing is to value own individuality. In addition, it is that each other understands individuality of each person. A creature has a limit. Therefore an action and a thought have a limit. In addition, the human being dies by all means. We must hear an opinion of Dr. Hosokawa and Dr. Ohashi. It is necessary

to learn Japanese to understand Japanese culture enough. In addition, a dialect is in the various parts of Japan. We should study Japanese patiently. Practice makes perfect.

The complete automatic driving electric car is a very dangerous car. By the trouble in the electric control system, a casualty is taking place. Furthermore, it is used a crime by remote control. In addition, the health hazard with the electromagnetic wave released by battery happens. Therefore, such a dangerous car is not suitable for as a public car.

The school education is a place controlled society. The nation goes to school to acquire educational background. In addition, the school is a place to destroy individuality and variety. Furthermore, it is the place to enforce totalitarianism and the principal of discrimination. Therefore the person of the high educational background becomes intelligence criminal and makes money. In other words, the Japanese school is an intelligence criminal training school.

In Japan, employment greatly depends on the educational background. Therefore the student makes study for examination to pass the university. Many students earn school expenses by a part-time job to graduate from a university after the university pass. In addition, the gentle Japanese works like a slave according to the instructions of the company. We have an opinion called the Judaism in the origin of the Japanese Shinto. A pair of stone guardian dogs (komainu) is one of the grounds of the opinion.

The person who received corona vaccination is more likely to become the autoimmune disease several years later. And they suffer from graft dysfunction and will die. The corona vaccine does not pass conditions authorized as vaccine. Therefore, for corona vaccine, the pharmaceutical company must not use the name vaccine. It is considered to be a genetically-modified drug. I thank Dr. Hosokawa and Dr. Ohashi appealing for justice and the truth. They are precious existence in Japan. I will hope that it is played active part still more in future.

COVID-19 is a planned nation crime. The PCR test kit and the corona vaccine have been already prepared for in 2019. The CCP Japan media is a brainwashing weapon to exterminate a Japanese. The corona vaccine is a drug weapon. Many Japanese frightened by threat of the government will inoculate corona vaccine. And it will be that Japan becomes extinct.

Former Pfizer's vice-President accuses cancellation of the corona vaccination to cause infertility and the antibody-dependent amplification. In addition, Dr. Sherri Tenpenny warns that people suffering an unidentified disease increase rapidly after the corona vaccination to the nation. The existence of the new corona virus is not yet established. Therefore, COVID-19 is an imaginary infectious disease. In addition, the thing which calls itself corona vaccine is a harmful drug.

The syntonio high Japanese is most suitable for experiment on a human body. The gene vaccination is genetically-modified experiment on the human body. In addition, this is the world's first experiment on a human body of hundreds millions of scales. The article to establish new corona virus does not exist. In other words, an infectious disease named COVID-19 is imaginary infectious disease. In addition, the thing which calls it self corona gene vaccine is a genetically- modified drug not vaccine preventing infection.

The old men of the nursing home received vaccination with a smile. His father talked about it pleasantly on the telephone. He went to the nursing home the next day. Then all the old men who always talked happily took a nap. At the night of the day, he had an ominous dream. It was a traffic jam of dozens of the hearses.
